SECOM-D-407

MEMORANDUM TO: All members of the DCI Security Committee

FROM: Mr. Robert W. Gambino
Chairman, DCI Security Committee

SUBJECT: SCI Denials Working Group - Final Report
on Appeal Procedures

1. There is attached hereto a report of the Acting Chairman of the SCI Denials Working Group dated 8 November 1978 which transmits the final recommended SCI Appeals Procedure identified as proposed Annex B to DCID 1/14.

2. As indicated in [redacted] report, there is a considerable disagreement as to the need for and/or the extent of such procedures. It is, therefore believed that it would be premature to place this matter on the agenda for vote; however, I would like to discuss the proposal at the next DCI Security Committee meeting.
